It may not delegate any powers that are reserved for direct action by the Board of Directors by law or by the Articles of Association or any others that are necessary for responsibly exercising the general function of formulating and overseeing Company and Group strategy. Specifically, in addition to those duties that may not be delegated under the legislation in force, the Board of Directors will have the following functions and responsibilities:

Despite being assigned to the Board as a whole, where required by *bona fide* reasons of urgency, these functions may be performed by the Board's delegated bodies for subsequent ratification at the first full Board meeting held after the decision was taken in the terms stipulated by law.

Article 6 Principles underlying the activities of the Board of Directors

The Board of Directors will perform its duties independently at its discretion with singleness of purpose. It will treat all shareholders having the same status just the same and will pursue the corporate interest, understood to be achieving a profitable business sustainable in the long term, fostering the Company's continuity and maximising its economic value.

In attaining the corporate interest, the Board of Directors will obey the law and regulations and will base its conduct on good faith, ethics, and observance of custom and generally accepted best practices. It will endeavour to reconcile the corporate interest with the legitimate interests of its employees, suppliers, clients, and other stakeholders concerned, as the case may be, and with the impact of the Company's activities on society as a whole and on the environment. It will in all cases comply with the laws in force and act in conformity with generally accepted standards, values, and patterns of ethical behaviour and good governance.

- k) To propose to the Board of Directors remunerations policies for Directors and for members of the executive management team and to review compliance.
- l) To propose to the Board of Directors individual remuneration and other contractual terms for the executive Directors and to propose the basic contractual terms for the members of the executive management team in accordance with the Articles of Association and the Director remunerations policy in effect at all times.
- m) To report to the Board of Directors in advance of setting the remuneration of each individual Director for performing their non-executive duties in the framework of the Articles of Association and the remunerations policy and of setting the remuneration of each individual Director for performing their assigned executive duties in the framework of the remunerations policy and in accordance with the terms of their contracts.

Other duties:

- t) To ensure that potential conflicts of interest do not compromise the independence of the external advice furnished to the Committee.

The Appointments, Remunerations and Sustainability Committee will meet at least three times a year and whenever it is in the Company's interest to do so in the

judgement of the Committee Chair or at the request of the Board of Directors, the Chair of the Board of Directors, or any Committee member.

Chapter V OPERATION OF THE BOARD OF DIRECTORS

Article 15 Meetings of the Board of Directors

The Board of Directors will ordinarily meet monthly and in any case at least quarterly. The Board of Directors will also meet whenever necessary for the proper functioning of the Company in the judgement of the Chair or whenever a meeting is requested by three Board members, in which case the Chair will include the business to be transacted on the Agenda. If the Chair, on being requested to call a meeting, has not done so within one month without due cause, a meeting may be convened at the venue where the company's registered office is located by at least one-third of the Board members, who will announce the meeting Agenda.

Without prejudice to the preceding paragraph, where the Chair is an executive Director of the Company, each independent Director will be severally authorised to request a Board meeting or to include additional items on the Agenda to coordinate and raise concerns of the External Directors.

Ordinary and extraordinary sessions will be called by email or by any other means that leave a record of receipt. The notice of meeting will be authorised by the Chair or by whoever is delegated by the Chair to do so. The notice of meeting will be sent at least fifteen days in advance. Directors will in all cases be entitled to raise whatever matters they see fit during Board meetings, whether or not those matters are on the Agenda for the session.

Any Director may ask the Chair of the Board of Directors to include matters on Agenda.

Directors are to have been provided with the information they need to be able to discuss and adopt resolutions on the matters to be addressed sufficiently in advance, unless an extraordinary meeting of the Board has been called for reasons of urgency.

Extraordinary sessions of the Board will not have to comply with the minimum advance notice and other requirements referred to in the preceding paragraphs when in the judgement of the Chair this is warranted by circumstances.

Article 16 Conduct of sessions

Meetings of the Board of Directors will be quorate to transact all business when attended by a majority of Board members, present or by proxy. Meetings will be quorate without a prior notice of meeting when all the Directors are present or represented and unanimously agree to hold the meeting and accept the Agenda to be discussed at the meeting.

It is the Directors' duty to attend sessions of the Board of Directors personally; Director absences should be limited to cases that are unavoidable. Nevertheless, when in exceptional cases a Director is unable to attend, they may appoint any other Director to act as their proxy, appointments to be made in writing for each session. Each appointee holds full authority to act for their principals in all matters, and a single Director may hold multiple proxies. Proxy appointments should contain the corresponding instructions, and the Chair of the Board is to be notified by means

that allow confirmation of receipt of the notice. Non-executive Directors may only appoint another non-executive Director as their proxy.

Board meetings will be held at the registered office or at the venue stated on the notice of meeting.

To aid the Board in its supervisory duties, the Company's Chief Executive Officer or Managing Directors will inform the Board of all circumstances considered relevant to the running of the Company.

The Chair may invite all those who are able to help better inform the Directors to attend sessions of the Board of Directors, though they are not to be present when decisions are adopted. The minutes will record the entrance and exit of guests to each session.

Barring other statutory requirements, resolutions will be adopted by an absolute majority of the Directors attending the meeting.

Voting may be carried out in writing without a meeting as long as no Director objects to that procedure.

Meetings of the Board of Directors may be held at several different locations linked by systems that enable the participants attending to be recognised and identified, to be permanently interconnected, and to speak and vote, all in real time. The Directors in attendance at any of the linked locations will have the status of participants at a single session of the Board of Directors. The session will be deemed to have met at the venue attended by the Chair or whoever is acting as Chair.

The deliberations and resolutions of the Board of Directors will be recorded in a minute book signed by the Chair and the Secretary.

Article 17 Use of remote means

To enhance and facilitate internal communications, the Board of Directors will promote the use of remote means in its internal relations with Directors to the extent permitted by the state of the art and by law.

The Company will make available to Directors a special computer application (a webpage for Directors) to help them in their duties and in information gathering, together with access to Director training materials. The Directors' webpage may also be used to convene meetings and by Directors to grant proxy.

The Board will ensure that suitable security measures are taken.

Chapter VI APPOINTMENT AND REMOVAL OF DIRECTORS

Article 18 Appointment of Directors

Directors will be appointed by the General Meeting or by the Board of Directors by virtue of the powers of co-option it is accorded by law in the manner stipulated in the Spanish Corporate Enterprises Act and the Articles of Association.

To be eligible, Directors must own at least 5% of the Company's voting shares held for at least five years before their appointment. These conditions will not be required for the appointment, re-appointment, or ratification of independent Directors or for the appointment, re-appointment, or ratification of non-independent Directors by the General Meeting with 25% of the subscribed share capital in attendance on first

call and no minimum on second call, in either case with the votes in favour of a simple majority of the share capital present or represented.

Members of the Board of Directors may not be in breach of any of the grounds for disqualification or ineligibility stipulated by law.

Appointment or re-appointment of members of the Board of Directors will be proposed by the Appointments, Remunerations and Sustainability Committee in the case of independent Directors and by the Board itself in all other cases after hearing the opinion of the Appointments, Remunerations and Sustainability Committee.

Nominations for appointment will in all cases be accompanied by a report by the Board evaluating the candidate's expertise, experience, and merits, to be attached to the minutes of the General Meeting or the Board of Directors meeting.

Where the Board of Directors disregards the recommendation of the Appointments, Remunerations and Sustainability Committee, its reasons will be stated in the minutes.

Company Directors may not belong to more than three Boards of Directors of publicly traded Companies in addition to Elecnor's Board.

Article 19 Re-appointment of Directors

Directors will be re-appointed in the terms provided by law and in the Articles of Association.

Proposals or reports by the Appointments, Remunerations and Sustainability Committee will include an assessment of the quality of the work and job dedication of the candidate Directors during their previous terms and of their integrity, competence, availability, and engagement in their work.

Article 20 Term of office

Directors will be appointed to terms of four years and may be re-appointed to one or more terms of equal length.

Without prejudice to the previous paragraph, independent Directors may not serve in that capacity for a continuous period longer than 12 years.

Directors' appointments will lapse where, upon expiry of the term, the next General Meeting has been held or the statutory time limit for holding the General Meeting to decide on approval of the financial statement for the preceding financial year has elapsed.

If vacancies occur during Directors' terms of office, the Board may appoint persons to fill those vacancies until the next General Meeting subsequent to appointment is held. If a vacancy occurs when a General Meeting has been convened but before it is held, the Board of Directors may appoint a Director to serve until the General Meeting following the General Meeting that has already been convened.

Article 21 Resignation and Removal of Directors

Appointments of Directors will end when the terms to which they have been appointed have expired or when removed by the General Meeting in the exercise of the authority conferred on the General Meeting by law or by the Articles of Association.

Without prejudice to the preceding paragraph, nominee Directors will resign when the shareholder they represent has sold its entire shareholding.

Directors will offer to resign, and if the Board of Directors considers it appropriate will resign, when they are affected by circumstances that may be detrimental to the good name and reputation of the Company or may adversely affect the work of the Company or the Board of Directors, whether or not those circumstances are related to their activities in the Company. In particular, this obligation will apply when they have been named as being under investigation in any criminal matter, in which case they will report on the course of the proceedings. This obligation will also apply when because of supervening circumstances they become disqualified or ineligible by law.

On being informed of any of the situations referred to in the preceding paragraph, or on learning of them by other means, the Board of Directors will examine the matter without delay, and after hearing the report of the Appointments, Remunerations and Sustainability Committee and reviewing the circumstances will decide what measures should be taken. Without prejudice to the information the Company should release, if appropriate, when the corresponding measures are taken, this is to be reported on in full in the Annual Corporate Governance Report, unless there are special circumstances that make it advisable to do otherwise, which should be recorded in the minutes.

The Board of Directors may only submit a proposal to the General Meeting to remove an independent Director before the end of the term stipulated in the Articles of Association at the proposal of the Appointments, Remunerations and Sustainability Committee where the Board of Directors finds there is due cause.

When the Board of Directors adopts repeated or material decisions about which a Director has expressed serious reservations, the Director will draw the relevant conclusions, and, if he or she elects to resign, will set out the reasons in the letter referred to in the following paragraph. This obligation also applies to the Secretary of the Board of Directors, even if not a Director.

Directors who leave office before the end of their term, by resignation or by decision of the General Meeting, will send a letter to all the members of the Board of Directors explaining the reasons for their resignation or, in the case of non-executive Directors, their opinion on the General Meeting's grounds for removal. A full report on this will be made in the Annual Corporate Governance Report. Insofar as it is relevant to investors, the Company will announce the resignation or removal as soon as possible and will include a sufficient exposition of the reasons or circumstances submitted by the Director.

Chapter VII INFORMATION FOR DIRECTORS

Article 22 Right to information and right of inspection

In the performance of their tasks, Directors have the duty to demand and the right to receive from the Company the information that is necessary and suitable to enable them to fulfil their obligations.

Directors accordingly are vested with the broadest possible authority to gather information on any topic concerning the Company or its subordinate companies, both

national and foreign, and to examine their books, records, documents, reports, or facilities.

Exercising this right to information is to be routed through the Chair with the assistance of the Secretary. The Chair will handle the Director's requests and furnish the information to the Director directly. It will provide the Director with access to appropriate contacts within the organisation or will take measures to enable the Director to carry out the relevant inspections and examinations *in situ*.

Article 23 Expert advice

Directors may ask the Company to engage, at its expense, legal, accounting, financial, or other experts to provide advice so that they can perform their duties.

The tasks assigned to those experts must deal with specific problems of a certain importance and complexity that arise in the course of performance of their duties.

The request to engage experts will be submitted to the Chair of the Board of Directors, and the decision is to be adopted by the Board of Directors, which may refuse the request if in its view:

- a) it is not needed for proper performance of the duties of the Directors;
- b) its cost is not reasonable in relation to the import of the problem and the Company's assets or revenues;
- c) the technical assistance sought can be suitably provided by the Company's own experts and technicians.

Chapter VIII DIRECTOR REMUNERATIONS

Article 24 Director Remunerations

The General Meeting will set and approve the maximum remunerations to be paid to Directors as total remuneration for all the duties they perform, whether executive or non-executive duties. The maximum amount set by the General Meeting will have effect until a change is approved.

A. Director remunerations for non-executive duties.

For non-executive duties, all Directors will receive as remuneration:

- (i) the maximum amount of 7% of profits for the year earned by the consolidated Group after provision has been made for payment of taxes and all requirements in that respect provided by law have been fulfilled, plus
- (ii) a fixed cash allotment to be set by the General Meeting, and
- (iii) per diems for attending meetings that may be assigned as reimbursement for the expenses incurred in attending meetings and other expenses borne in the performance of their tasks and duties.

The Board of Directors will set the annual amount of remunerations on the basis set out above and will set the individual remuneration of each Director for the non-executive duties performed in the framework of the Articles of Association and remunerations policy at the proposal of the Appointments, Remunerations and Sustainability Committee.

B. Director remunerations for executive duties.

In addition to the remunerations, they receive for the performance of non-executive duties, Directors who perform executive duties in the Company will be paid the remuneration set in their respective contracts, as follows:

- (i) A fixed cash remuneration.
- (ii) Variable remuneration calculated on the basis of quantitative or qualitative benchmark indicators or values linked to the extent of attainment of their targets (set by the Board of Directors at the proposal of the Appointments, Remunerations and Sustainability Committee).
- (iii) Remuneration based on the allotment of Company shares or share options.
- (iv) The following company perquisites or remuneration in kind: (i) inclusion in the civil liability policy for executives and Directors taken out by the Company; (ii) the right to participate in corporate benefit schemes (survivorship, health, accident, etc. coverage) in terms similar to those in effect for Company executives generally; and (iii) the Executive President will continue to enjoy all the benefits the Company makes available to its executives as a whole.
- (v) Possible severance pay-outs, on condition that severance is not due to breach of duties as director.

Director contracts must have the prior approval of the Board of Directors at the proposal of the Appointments, Remunerations and Sustainability Committee in conformity with the requirements laid down in the applicable law.

The Board of Directors will set the remuneration of each individual Director for performing their assigned executive duties in the framework of the remunerations policy and in accordance with the terms of their contracts after hearing the Appointments, Remunerations and Sustainability Committee.

The total of all the sums to be paid to all the Directors for all forms of remuneration each year will in no case exceed the maximum amount approved by the General Meeting.

Article 25 Remunerations transparency

The Board of Directors and the Appointments, Remunerations and Sustainability Committee will take the steps required to ensure that the Company's Annual Report sets out all remunerations paid to Directors, including remuneration paid to Directors as members of the executive management team.

The Annual Corporate Governance Report will also refer to the remunerations paid to the Board of Directors.

The Board of Directors will draw up the Director remunerations policy in accordance with the applicable legislation.

The Board of Directors will also draw up an annual Director Remunerations Report in accordance with the applicable laws and regulations.

Chapter IX DIRECTORS' DUTIES

Article 26 General Obligations of Directors

In performing their functions Directors will discharge the duties of their office in compliance with the law and with the Articles of Association with the diligence of a prudent businessperson, subordinating their own personal interests to the interests of the Company, and with the loyalty of a faithful representative, acting in good faith and in the Company's best interest. They will report diligently on the Company's progress, and their specific duties will include:

- a) Devoting sufficient effort and taking the measures needed for proper guidance and control of the Company.
- b) Keeping informed and suitably preparing for meetings of the Board and the bodies of which they are members.

- g) Opposing resolutions contrary to law, to the Articles of Association, to these Regulations, and to any other internal regulations of the Company or to the corporate interest and asking to have their views recorded in the minutes whenever they consider this to be appropriate to safeguard corporate interests. In particular, the independent Directors and other Directors who do not have a potential conflict of interest are to clearly voice their opposition to decisions that may be detrimental to shareholders not represented on the Board of Directors.
- h) Refraining from exercising their powers for purposes other than the purposes for which they have been conferred.
- i) Carrying out their duties in accordance with the principle of personal accountability at their own discretion, true to their own views, and independently of instructions from and ties to third parties.
- j) Taking whatever steps are needed to avoid situations in which their interests, whether their own or on behalf of third parties, may conflict with the corporate interests and with their duties to the Company.

Article 27 Duty of confidentiality

Directors will keep all confidential information secret even when they are no longer Directors and will keep all information, data, reports, and facts that come to their knowledge by dint of their position confidential. Directors will not make public or

disclose to third parties the information, data, reports, and facts except where permitted or required by law.

Directors will also keep the deliberations of the Board of Directors and the delegated bodies and Committee of which they are members secret.

The duty referred to in the preceding paragraphs will not apply to cases in which communication to the public or disclosure to third parties is required by law or where reporting or submission to the respective supervisory authorities is required, in which case disclosure of the information will be as stipulated by law.

Article 28 Conflicts of interest

Directors will report any direct or indirect conflict of interest they may have with respect to the Company's interests to the Board of Directors and will abstain from participating in the deliberations and voting on resolutions concerning matters in which they have a personal interest.

A personal interest will also be considered to exist on the part of a Director where a matter concerns persons related to the Director. Related persons will be as defined by law.

Directors will not be required to abstain from participating in the deliberations and voting on decisions affecting their status as Director, such as appointment to or removal from positions on the Board of Directors and like decisions.

Directors will refrain from:

- a) Directly or indirectly engaging in transactions with the Company unless the transaction is exempted by law or has been approved in accordance with the law and these Regulations in respect of Related-Party Transactions.
- b) Using the Company's name or relying on their position as director to exert an improper influence on the performance of private transactions.
- c) Accepting benefits or remuneration associated with the performance of their duties from third parties unrelated to the Company and its Group except for hospitality offered merely as a courtesy.
- d) Engaging in activities on their own behalf or on behalf of others where those activities entail actual or potential competition with the Company or might represent an ongoing conflict with the Company's interests for Directors.

The Company may waive the bars set forth in items b) and d) above by decision by the competent body as provided by law.

The preceding provisions will also apply to cases in which the beneficiary is a person related to a Director.

In any event, conflicts of interest that affect the Company's directors will be reported in the Annual Report.

Article 29 Use of corporate assets

Directors will not make any use of the Company's assets, including the confidential information, or their position in the Company to derive any personal financial gain.

The Company may waive this requirement by decision by the competent body in accordance with current law.

The preceding provisions will also apply to cases in which the beneficiary is a person related to a Director.

Article 30 Non-public information

Directors may be authorised to make use of the Company's non-public information for private purposes if the following conditions are met:

- a) the information is not connected with the purchase or sale of corporate securities;
- b) use will not be detrimental to the Company, and
- c) the Company does not hold any exclusive right or similar legal entitlement in respect of the information a Director intends to use.

In addition to the condition set forth in item a) above, Directors will comply with the standards of conduct laid down in the legislation dealing with securities markets and more specifically with those laid down in the Company's Internal Regulations of Conduct relating to Securities Markets.

The condition set forth in item c) above may be obviated by observing the rules laid down in the following article.

Article 31 Business opportunities

Directors may not make use of the Company's business opportunities for their own benefit or for the benefit of any related person. Related persons will be as defined by law.

The Company may waive this requirement by decision by the competent body in accordance with current law.

For purposes of the preceding paragraph, business opportunity will be understood to be any opportunity to make an investment or carry out a business transaction that has come into being or been disclosed in connection with Directors' performance of their duties or by using means and information available to the Company in circumstances in which an offer made by a third party may reasonably be taken to have been directed at the Company.

Article 32 Indirect transactions

Directors will be in breach of their duty of loyalty to the Company where they are complicit in or do not disclose transactions carried out by their family members or by companies in which they hold an executive position or have a significant stakeholding where those transactions have not been subject to the conditions and controls stipulated in the preceding Rules.

Chapter X RELATED-PARTY TRANSACTIONS

Article 33 Related-party transactions

The Board of Directors will be responsible for reviewing and approving, after hearing the Audit Committee, transactions by the Company or by companies in its Group

with Directors, with shareholders that hold ten per cent (10%) of the voting rights or more or are represented on the Company's Board of Directors, or with any other persons who are related parties as defined by law ("**Related-Party Transactions**"), unless that decision lies with the General Meeting.

For purposes of the preceding paragraph, the following will not be Related-Party Transactions: (i) transactions between the Company and companies that the Company wholly owns, directly or indirectly; (ii) approval by the Board of Directors of the terms of contracts to be signed with Directors who will be performing executive duties, including the CEO or Managing Directors or members of their executive management team, and setting the specific amounts of remuneration to be paid under those contracts.

Transactions carried out by the Company with its subsidiary or investee companies will also not be Related-Party Transactions where no other party related to the Company has an interest in those subsidiary or investee companies.

Related-Party Transactions valued at amounts greater than or equal to ten per cent (10%) of the total assets on the latest balance sheet approved by the Company will need to be approved by the General Shareholders Meeting. All other Related-Party Transactions are to be approved by the Board of Directors, which may not delegate its authority in this area except for (i) Related-Party Transactions with companies belonging to the Group that are carried out as part of ordinary operating procedures at market terms and (ii) Related-Party Transactions that are concluded under contracts based on standard terms and generally employed for large numbers of customers, are performed at the usual prices or rates set by the vendor of the goods or services in question, or are for sums of not more than 0.5% of the Company's net turnover.

The Audit Committee is to issue a report on each Related-Party Transaction before it is approved by the General Meeting or the Board of Directors. In its report the Committee will assess whether the transaction is fair and reasonable from the standpoint of the Company and if appropriate of the shareholders other than the related party and will explain the standards on which the assessment has been based and the methods that have been used.

Members of the Audit Committee involved in the Related-Party Transaction may not take part in drawing up the report.

No report will be needed for Related-Party Transactions for which approval has been delegated by the Board of Directors in the cases permitted by law and as provided in these Regulations.

The Board of Directors itself will set up a routine internal control and reporting procedure for the cases in which it delegates approval of Related-Party Transactions to make sure that these transactions are fair and transparent and are compliant with the applicable legal requirements, as appropriate.

The Board of Directors will arrange for Related-Party Transactions carried out by the Company or other companies in its Group for sums greater than or equal to five per cent (5%) of total book assets or 2.5% of the Company's annual turnover to be made public.

It will post an announcement containing the information required by law in a readily accessible spot on the Company's website for that purpose and will report this to the National Securities Market Commission. The announcement is to be posted and released together with the report by the Audit Committee, if any, no later than at the time the Related-Party Transaction is concluded.

All the transactions concluded with the same counterparty in the previous twelve months will be taken into account when calculating the amount of a Related-Party Transaction.

Chapter XI DEALINGS OF THE BOARD OF DIRECTORS

Article 34 Relations with shareholders

The Board of Directors will set up suitable channels to enable shareholders to make proposals concerning Company management.

The Board of Directors may arrange meetings attended by some Directors and the members of the executive management team it deems appropriate to inform shareholders who reside in the main financial centres in Spain and in other countries concerning the progress of the Company and its Group. In no case is this to entail disclosing privileged information or to result in unequal treatment of shareholders.

The Board of Directors will promote informed participation by shareholders at General Meetings and will take all appropriate measures to ensure that General Shareholders Meetings can effectively carry out their duties under the law and the Articles of Association.

In particular, the Board of Directors will take the following measures:

- a) It will make all legally required information available to the shareholders in advance of General Meetings, together with any other information that is not legally required but might be of particular interest and can reasonably be supplied.
- b) It will respond expeditiously to requests for information from shareholders before General Meetings.
- c) It will respond conscientiously to questions raised by shareholders at General Meetings.
- d) It will put in place and foster a policy for communication, contact, and involvement with shareholders, institutional investors, and proxy advisers wholly in compliance with the laws and regulations for preventing market abuse and providing for equal treatment of all shareholders in the same position.

Article 35 Market relations

The Board of Directors will announce publicly through its website, without delay, concerning:

- a) privileged information reported to the National Securities Market Commission that could have an appreciable effect on stock market prices;

- b) changes in the Company's ownership structure, such as changes in major shareholdings, syndication agreements, and other coalition arrangements that may have come to its attention; and
- c) substantial changes to the Company's system of governance.

The Board of Directors will take the requisite measures to ensure that half-yearly financial and related non-financial reporting and all other information to be made available to the market by law is prepared using the same principles, standards, and professional practices and with the same reliability as the annual financial statements.

The Board of Directors will also approve a general policy for corporate, non-financial, and economic and financial reporting that will maximise dissemination and the quality of the information available to the market, investors, and other stakeholders.

Article 36 Relations with Auditors

Relations of the Board of Directors with the Company's external Auditors will be channelled through the Audit Committee.

The Board of Directors will engage the services only of leading national and/or international auditing firms.

The Board of Directors will make public the total fees the Company has paid to the auditing firm for services other than auditing.
